

Website Modernization & Revenue Enhancement

Executive Summary – Leveraging 5-Star Food Hygiene Certification

Situation

You have just acquired a 5-Star Food Hygiene Certification—a significant competitive asset in the children's party market. However, your current website cannot convert this credential into incremental bookings because:

- No online booking capability (phone/email only)
- Missed bookings outside business hours
- 5–10 hours/month manual scheduling
- No contact form for non-phone customers

Opportunity

A modernized website platform positioned around your certification and integrated with real-time online booking will:

- **Increase party revenue** by 15–30% (estimated £240–480/month)
- **Reduce admin time** by ~70% (5–10 hours/month saved)
- **Maximize your certification** as a trust signal throughout booking flow
- **Payback in 1–3 months** (annual cost: £60–300)

Key Business Metrics

ADDITIONAL MONTHLY REVENUE £240–480	TIME SAVED/MONTH 5–10 hrs	ANNUAL PLATFORM COST £60–300
PAYBACK PERIOD 1–3 mo		

Differentiators vs. Current Site

Capability	Current	Proposed
Online Party Booking	None	24/7 with instant confirmation
Certification Display	Homepage text	Integrated throughout booking flow
Booking Management	Manual calendar	Admin dashboard, automated confirmations
Lead Capture	No forms	Enquiry forms + CRM

Capability	Current	Proposed
Staff Access	Shared password	Individual logins + 2FA + audit trail
Compliance	Basic policy	Full GDPR/PECR + audit logs

Implementation Timeline

- **Week 1:** Review working site (oak.bytesfx.com) + provide information (party times, pricing, staff details)
- **Week 2:** Handover training (admin dashboard, staff setup, email configuration)
- **Week 3:** Launch + optimization

Status & Next Steps

Platform is fully developed and tested. We require your review, information, and approval to deploy. This is not a build engagement—the product is complete.

- 1. Review this proposal
- 2. Visit oak.bytesfx.com and compare to current site
- 3. Provide required information (party times, pricing, staff names)
- 4. Approve launch date (2–4 weeks recommended)
- 5. Attend training and go live
